

**Plain Language Summary for Concrete Batch Plant Standard Permit
Application for Concrete Batch Plant Standard Permit Registration Number 168915**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 3. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Bell Concrete, Inc. (CN605286335) has submitted an application to register a permanent concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 168915. The concrete batch plant (RN111492211) will be located approximately 0.5 mile northwest of the intersection of CR 4415 and CR 4450, Trenton, Fannin County.

This registration will authorize the concrete batch plant to have a maximum production rate of less than 300 cubic yards per hour of concrete and operate less than 8,760 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Enclosures and baghouses will be used to control cement and flyash dust.
